11. [REDACTED] Mr. Douglas C. Sinclair, Legislative Affairs Comptroller, Department of Defense, mentioned that Bob Nicholas, on the staff of the Subcommittee on Military Construction, House Appropriations Committee, had pressed him for information on intelligence personnel in the DOD and CIA within the Washington area. Sinclair declined to provide information for CIA on the grounds that it was outside his authority. Sinclair merely wanted us to know about this. He is also mentioning the incident to Ralph Preston, Staff Assistant of the Committee. Sinclair does not know precisely why Nicholas wants this information, but it obviously has something to do with his role as staff assistant to Representative Robert Sikes Military Construction Subcommittee.

12. [REDACTED] Frank Slatinshek, Assistant Chief Counsel, House Armed Services Committee, called to say Chairman Rivers had sent a letter to Chairman Henderson, House Manpower and Civil Service Subcommittee, requesting a complete exemption for the Agency from S. 782 (Ervin bill).

Slatinshek further said that the office of Representative Wayne Aspinall, who is in a hot campaign against a "dove," needs some material to answer a constituent letter charging that the Agency had "20,000 personnel in Cambodia" at the time of the coup and asking about the Agency budget and personnel strength. Slatinshek would like a draft response for Aspinall's use.

9. [] Talked to Ralph Preston, Staff Assistant, House Appropriations Committee, about following up a question in connection with our Reserves and he thought the matter could wait until the end of the Fiscal Year.

Preston said he though Chairman Mahon would be glad to call Representative Richard White, of the Manpower and Civil Service Subcommittee of House Post Office and Civil Service Committee, in our behalf regarding S. 782 (Ervin bill). Preston suggested that we bring over a draft letter for Mahon to send to Chairman Henderson which would contain the essential information Mahon would need in order to take the matter up with White.

1. [] Raised with Ralph Preston, Staff Assistant, House Appropriations Committee, our problems with the Ervin bill (S. 782) and the possibility that Chairman Mahon might be willing to intercede with Representative Donald Henderson, whose Subcommittee has jurisdiction over the bill, and support our request for a complete exemption. Preston thought Mahon might agree to do this, and in any event saw no harm in raising the matter with Mahon at the proper time.

9. (Unclassified - LLM) Met with Mike Glennon, in the office of Representative Donald Fraser (D., Minn.), who called yesterday for information on oversight of the Agency for the Representative. He told me that in response to his question on the frequency of Agency appearances before our House Subcommittee, he was told by Paul Wilson, Staff Director of House Appropriations, that such information was not given out and by an unidentified staff member of House Armed Services that there had been two appearances last year and one this year. I mentioned the points of oversight and supervision in the Executive Branch and gave him our standard informational brochures. In response to his question, I invited his call if we could be of further help, but emphasized that the question of congressional oversight was a matter for congressional decision. (I will send him a copy of the House Armed Services Committee report of activities which stresses that in addition to formal appearances the Committee maintains continuous contact.)
